

**INNOVATIVE**

**HEMP PET FORMULAS**

**FROM THE SOIL TO THE OIL  
UNPARALLELED TECHNOLOGY**

**FROM THE SEED TO THE SNOUT  
ONLY THE BEST FOR YOUR BEST FRIEND**

We source our hemp from Colorado hemp farms that produce the highest quality organic, GMO free, pesticide & herbicide free, cruelty free raw material available.

We guarantee that hemp active extracts are of the highest purity in the industry. Our hemp products for dogs and cats are manufactured in an FDA registered, human grade facility.

Our growers are fully licensed and registered with the Colorado and Kentucky State Department of Agriculture. All of our hemp derived products are grown in full compliance under section 7606 of the 2014 Federal Farm Bill.

We work closely with Dr. Robert Silver, DVM, the world renowned veterinarian and authority on the endocannabinoid systems in dogs and cats. Dr. Silver has formulated and approved our hemp products for pets.

Consult with a licensed veterinarian prior to giving your pet hemp derived products

### **WATER SOLUBLE HEMP EDIBLES**

All ingestible products (chews and gels) are designed to have maximum bioavailability and absorption through a patent pending nano-emulsion based delivery system.

This ensures 3-5X higher absorption rate than cannabinoids delivered via oil form (such as tinctures). Now this is cool!

### **WITH SO MANY CHOICES, WHY US?**

All products are 100% THC Free formulations for pets. All extracts are raw and all plants are grown in compliance with the Colorado & Kentucky Department of Agriculture. Every product batch is tested for safety, potency and purity. All test results are posted at:
